Levels of Training

Level I: This training is primarily for beginning providers and is hands-on, concrete and practical. It provides basic understanding, and opportunities to practice skills.

Level II: This training is interactive, theory-based, and reflective. It provides introductory knowledge of theories of development and models of childhood education, strengthening and expanding the provider's ability to observe and interpret children's behavior.

Level III: This training is investigative, reflective, and research-based. It provides considerably more complex views of development and related topic's based on knowledge of current research. Training in specialty areas such as leadership, mentoring, supervision, administration or becoming a trainer is available at this level.

Core of Knowledge

In order to support providers interested in obtaining the Maryland Child Care Credential, the Core of Knowledge code for each training is listed. It is important to be aware that in order to receive a certificate under the Core of Knowledge, trainers are required to give an assessment to participants. The certificate will read "core of knowledge hours" versus "continuing training hours". Both certificates are acceptable for licensing requirements. However, only a Core of Knowledge training certificate will be valid for fulfilling the training requirements for the Maryland Child Care Credential.

Publication of this Bulletin

The Montgomery County Child Care Resource and Referral Center (MCCCR&RC) publishes The Training Bulletin four times a year as a community service for child care providers. All training classes offered in this calendar have obtained approval by the Maryland State Department of Education/Office of Child Care (OCC) and submitted a copy of their training approval to MCCCR&RC prior to the printing of this bulletin. The following listing of workshops is not a comprehensive list, but a sampling of state approved classes available throughout Montgomery County. MCCCR&RC compiles this list as a community service and does not endorse any particular agency. If you have a complaint about a training agency, please contact the Maryland State Department of Education/Office of Child Care at 410-767-7852, or Jennifer Arnáiz, Training & Technical Assistance Director for MCCCR&RC at 240-777-3203. For additional trainings throughout the state, providers can also access the Statewide Training Clearinghouse on-line by visiting **www.mdchildcare.org**.
